

23RD ANNUAL EMERGENCY MANAGEMENT HIGHER EDUCATION VIRTUAL SYMPOSIUM

JUNE 8 – 10, 2021

Theme: Untangling Unprecedented Uncertainty: What Emergency Management Leaders and Educators Need to Know

The National Training and Education Division will host the 23rd Annual Emergency Management Higher Education (HiEd) Symposium in partnership with the Emergency Management Institute (EMI) and the Center for Homeland Defense and Security (CHDS) on June 8–10, 2021, via Zoom.

The Symposium offers an opportunity to network, gain exposure to successful academic programs and research, and learn about new resources, teaching approaches, and methodologies. Sessions aim to connect practitioners, researchers, and educators. The Planning Group proposed four tracks: Scholarship of Teaching and Learning (SoTL) in Emergency Management, Research Methodology and Integration, Policy and Administration of Emergency Management and Related Programs, and Innovative Curriculum and Pedagogy. There will also be a student poster contest.
